

RADM 5001, 5003 & 5004 Resources for Self-Study

- 1) “Learning Radiology” <http://www.learningradiology.com/>
- 2) “22 Must-See Diagnoses in Radiology”
[http://www.learningradiology.com/medstudents/22 Musts Flash/22_must_see_diagnoses.html](http://www.learningradiology.com/medstudents/22_Musts_Flash/22_must_see_diagnoses.html)
- 3) “The Visible Body” <http://www.visiblebody.com>
- 4) “Chest X-ray Imaging” <http://www.chestx-ray.com/>
- 5) “General Radiology Learning” <http://www.radiologyeducation.com/>
- 5) MCG “Imaging Primer” www.radiology.mcg.edu/radprimer
- 6) “Online Sectional Anatomy” www.e-anatomy.org
- 7) “Radiology Education” www.med-ed.virginia.edu/courses/rad/
- 8) MRI and Physics www.e-mri.org
- 9) Bone Radiology and Power Point Plug-in for stacking images www.gentili.net
- 10) Dr. Joe: “Introduction to Musculoskeletal Radiology” and it is on slides.
- 11) Dr. Munroe: She has a series of programmed CT cases for learning.
- 12) Dr. Karmin: PowerPoint Presentations [Basic]
 - a. Basic US Anatomy and Doppler “Ultrasound (US) Anatomy Series-2”.
 - b. Anatomy and Trauma “Trauma of the Chest, Abdomen and Pelvis”.
 - c. Basic Fluoroscopy Anatomy “Normal GI Anatomy”.
- 13) Dr. Karmin: PowerPoint Presentations [Advanced]
 - a. Overview of Respiratory Infection “Pulmonary Infection”.
 - b. Review of ER GYN US in the Pregnant and Non-gravid Patient “ER Gyn US”.
 - c. Biliary Disease “Gall Bladder US”.
 - d. Venous Thrombosis “Part 4 Deep and Superficial Venous Thrombosis”
 - e. Arterial Vascular disease “Part 3 PVD-AAA-Renal TX-Abdominal Ischemia”
 - f. Hepatic Pathology “Liver US”
